# GET TO KNOW ME

Hello! My name is Maggie Vomela and I am a senior in the Technology, Art, and Design (TAD) program here at Bemidji State University. I am originally from Taylors Falls, MN where I lived with my mother and grandparents. Watching them take on various creative projects growing up very much helped instill my passion for art and led me to where I am today. After graduating high school I attended Century College and received my Associate of Arts in Liberal Arts and Sciences. From there I transferred into the TAD program and have been working to earn my Bachelor's of Science in Design with a Graphic Design emphasis ever since.
