Click on the blue link created by the Vendor Name (in this instance; "Bernicks Full Line Vending Inc")

All addresses in the Marketplace were set to a default location of 001. Each user will need to check if that is the correct location to use by verifying the Fulfillment Address and Remittance Address.

Note: There is NO distribution method set-up for this vendor. Also, the location default shows as -001.

If the Fulfillment and/or Remittance addresses shown do not match what you need, select "Contacts and Locations" in the near left navigation bar (see below).
