ARRIVING IN THE UNITED STATES:

U.S. Customs and Border Protection (CBP) helps secure U.S. borders. At the U.S. port of entry, they make the final admission decision and, for international students and exchange visitors, determine the period for which they are authorized to remain in the United States. If you arrive by air, they will scan your passport to create an electronic I-94 record. If you are crossing a land border you will receive a paper I-94. The IPC will need a copy of your I-94. You will have time at International Student Orientation to complete this.

<https://www.cbp.gov/travel/international-visitors> or bring the paper copy to be scanned and returned to you.

WEATHER

You will experience four distinct seasons in Bemidji. The warmest month is July with an average high of 26° C. The coldest month is January with an average high of -9° C.

INTERNATIONAL STUDENT ORIENTATION

During orientation, we give you all the information you need to be successful at BSU. Some of our topics include maintaining your immigration status, health and safety, paying bills, and navigating the American classroom. Attendance at orientation is mandatory. Please make arrangements to arrive before the orientation start date.

ENGLISH AND MATHEMATICS ASSESSMENTS

During International Student Orientation, you may be required to take a test to determine their English level. Depending on your test score, you may be required to enroll in an Academic American English in your first semester. Students enrolled in an Academic English course will test again at the end of the semester to see if continued enrollment is necessary.

An Accuplacer test will also be offered during orientation. This math placement test is optional and suggested for students that are unsure if they should register for pre-calculus or calculus.

PAYMENTS

The first two payments for new international students are due the Friday before classes begin. They are: 1) the total amount of your health insurance, and 2) a \$300 down payment on tuition and fees OR enrollment in our payment plan. This deadline is meant to give you time to learn about our payment procedures and ask questions. In future semesters, your bills will be due 15 business days prior to the semester start date. There will be time during International Student Orientation to make these payments.

BANKING

You are encouraged to establish a bank account upon arrival in Bemidji in order to keep your money safe. Banking information will be provided to you during orientation. You should have immediate access to \$5,000 USD upon arrival for things like health insurance, registration and housing deposits. You will also need spending money for food, personal items and unplanned events. If you bring cash with you, keep it in a secure place prior to arranging your bank account. Any amount over \$10,000 USD must be declared when going through customs.

TRANSFERRING CREDITS

To transfer courses/credits from a non-U.S. college or university, we require all students to have their coursework evaluated by a professional credit evaluation agency.
